“ Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed diam nonummy nibh euismod tincidunt ut laoreet dolore magna aliquam erat ”

THE CHALLENGE

This customer is pursuing growth strategies that include managed cloud offerings for government agencies. Their business requires a cloud operations platform to efficiently manage infrastructure across multiple clouds, customer accounts and projects.

Goals Included:

- Automation of multi-cloud, multi-customer operations
- Detailed infrastructure data for customer reporting
- Self-service provisioning & management portal for clients
- Enforcement of strict security requirements

THE SOLUTION

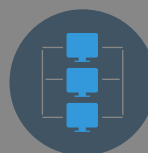

DivvyCloud provides deep, real-time visibility, control and automation across multiple clouds, accounts, teams and projects. This customer leveraged DivvyCloud to quickly enable:

Auto-Scheduling

Identifying Stale Resources

Infrastructure Templates

Detailed Permissions

THE RESULTS

25%

Reduction of
Monthly AWS Bill
